Desiderata

Go placidly amid the noise and haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly and clearly; and listen to others, even the dull and ignorant; they too have their story. Avoid loud and aggressive persons. They are vexations to the spirit. If you compare yourself with others, you may become vain and bitter; for always there will be greater and lesser persons than yourself. Enjoy your achievements as well as your plans. Keep interested in your own career, however humble; it is a real possession in the changing fortunes of time. Exercise caution in your business affairs. For the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism.

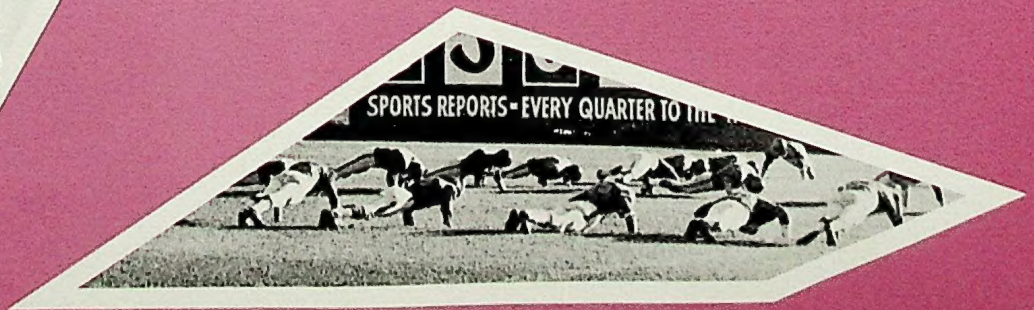

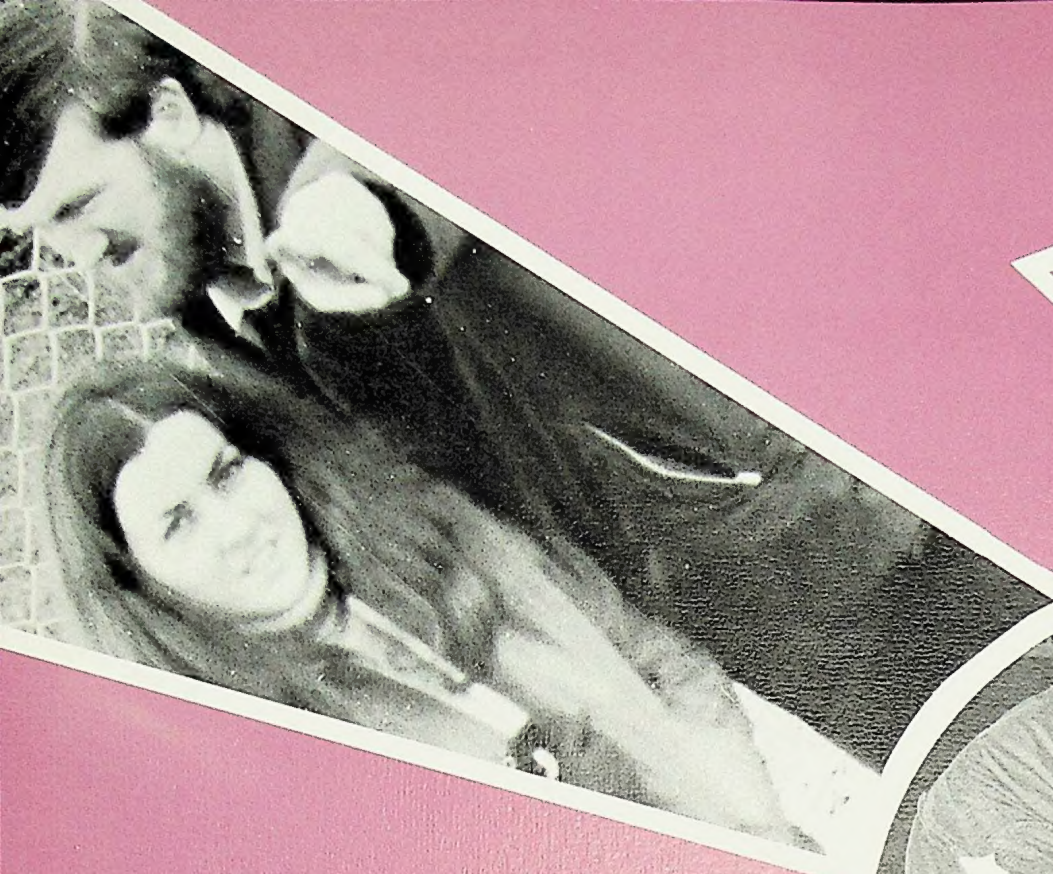

Make Eastglen What it is

Be yourself. Especially, do not feign affection. Neither be cynical about love; for in the face of all aridity and disenchantment it is perennial as the grass. Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue and loneliness. Beyond a wholesome discipline, be gentle with yourself. You are a child of the universe, no less than the trees and the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should. Therefore be at peace with God, whatever you conceive Him to be, and whatever your labors and aspirations, in the noisy confusion of life keep peace with your soul. With all its sham, drudgery and broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

Our Foster Child — Athanasios Anagnou

Once again this year, Eastglen's foster child is Athanasios Angagnou. He is a thirteen year old boy from Lamia, Greece and the only child in his family. His father is disabled by hemiplegia, a paralysis of a portion of his body, and his mother, with kidney trouble, must take care of their farm. The money Eastglenites send to the family yearly buys many things that would not be dreamed of by Athanasios and his parents.

In each letter we receive, Athanasios shows great interest in continuing his education and he also helps us to understand the life and thoughts of a foreign child.

This is an example of one of the many letters we receive from him:

September 1971

Dear foster parents,

Hello, I wish to tell you a few things about houses in general. I wonder if the houses in the past were as nice and as comfortable as they are nowadays. Long, long ago men lived under primitive conditions, and their life was no better than the life of the animals and at that time the thought of erecting a house did not cross men's minds. However, it would be so cosy for them to have comfortable houses to protect them from the changes of the weather, from the cold, the snow and the terrible heat. They just managed to find shelter under the rocks where they lived just temporarily. They would light a fire in front of the entrance of their living quarters so that the wild animals would go away. That was their only protection. My own house now, is built almost in the middle of the village. It consists of one main room, a hall and a kitchen.

Thank you very much for the \$8.00 — 240 drs — August grant and for the \$1.83 — 55 drs — given in lieu of distribution, which I got from you.

You have best wishes from my parents. With much love, your foster brother,

Athanasios Anagnou

Eaton's

Display

Buttons, bows, ballons and lots of kids were the scene of Eastglen's display February 17, 18, and 19. Member of the Student Union and volunteers babysat the display Thursday and Friday and all day Saturday. The display was well set up and consisted of trophies, pictures, ECHO'S and old yearbooks.

There was free ballons and ribbons supplied by Eatons. The people glanced through the old yearbooks and the available issues of the Echo and smiled at the candids that lay on the tables.

Miss. Canada signing the Guest Book.

One woman who visited the display had been Eastglen's school nurse for fourteen years and commented that she still reads our High School Notebook every week to keep in touch with our activities.

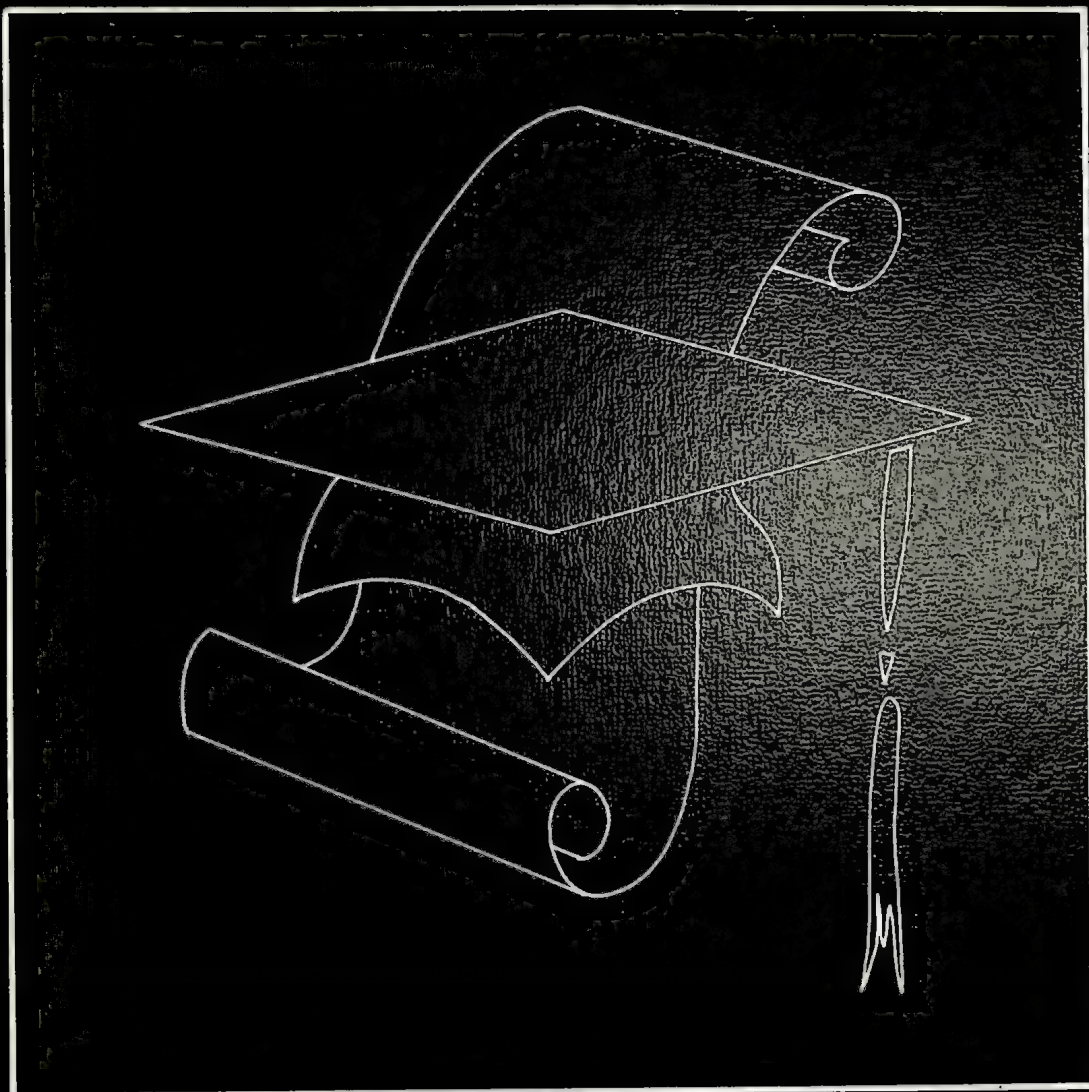

The purpose of the display is really unknown. It could have been to improve public relations or to get everyone to come out and see for themselves how much fun a Senior high school can be. One thing for sure is that it got us Eastglenites working together, and everyone got a glance at Miss. Canada.

Valedictory

Our formal education is rapidly drawing to a close. We will soon thereafter enter the years of our practical education. These next few years will be critical ones — a period of adjustment to new social responsibilities. But it is now that we must decide which course our lives are to follow.

Will our practical education start with university, college, or a technical school or will it start immediately with the working world? The choice is left up to us, as individuals. The determination with which we make that choice is a grading of our goals within that field. Our fulfillment and success relies heavily on the practicality of our choice.

We are entering a new situation with a whole new set of problems. No longer will we be able to rely upon our teachers and textbooks to guide us to the right decision. It is my hope that we will make our decisions accordingly. If each of us meets his challenge with interest and enthusiasm, comes out with a total effort, that will be his own private success.

Now I would like to thank, on the behalf of the student body, the efforts of teachers and parents to assist us in any way possible when we needed it. The encouragement they provided was enough to generate our confidence within ourselves. This alone deserves primary recognition.

We are on the brink of entering the hurry and worry of the everyday world. It is now the time to act. It is we who will make this world what it is to be.

Evelyn Schmidt

VALEDICTORY

Mr. Gorgichuk

Honorary President's Message

I am sincerely pleased and deeply honoured at the invitation to be Honorary President of the Graduating Class.

Each one of you is a different individual, with different skills, different abilities, and different personalities. Each one of you will be making your own niche in this world. Each one of you will take on the challenge of life in different ways.

With all the individual differences that each of you possess my wish for you is that you may all have the same happiness and satisfaction in your endeavors. To achieve this you only have to think of Abraham Lincoln when he said, "I do the very best I know how; the very best I can, and mean to keep doing to until the end."

Class History

Our three years at Eastglen are now almost over — for some of us its been even four and five years. Regardless, they've been good years and we've accomplished a great deal. It's going to be hard to leave a "home away from home."

As bewildered "Frosh" we were heartily greeted by the sophomores and seniors who were only in search of cheap laborers! We survived to attend a dance, in our honor. FROSH WEEK, no matter how gruesome, was worth every minute. Our first year here and we started it off right by making the greatest donation to Cystic

Fibrosis — a free dance was ours — well deserved Eastglen! A short time later the cheerleaders put on their apron strings and sponsored a Chili Feed. This was enough to cheer our Blue Devils to the basketball quarter-finals and the Senior Girls Volleyball Team to the City Championships. As the year progressed so did the activities such as joining the 1,000,000 different clubs, entertaining each other at a Folk Fest, and pulling out our grandparents' garb for a K-Day breakfast and tapping our toes to a boy's can-can line. It was a great year for the Drama Department with the production of "Good-bye, My Fancy", full of comedy and love.

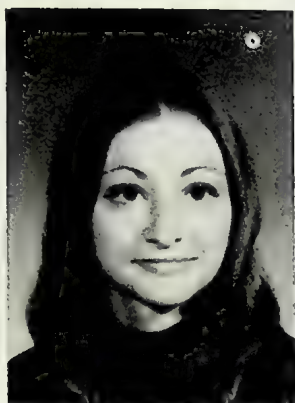

June exams, a summer vacation, and we found ourselves back in the halls realizing that we were no longer "FROSH!" It was about time "we did unto them as they did unto us!" Ah, how sweet revenge is! Once again we attended a Frosh Dance and a month later everyone slipped into their grubs for L'il Abner Day. Christmas came and the doors of Eastglen glittered with the Christmas Spirit. This was the year for better relations with administration, chances to speak out at "Gripe Sessions", and attending the teachers' staff meetings. The drama production "Up the Down Staircase", consisting of a cast of students and teachers, rated high that year. We were once more in the stands cheering on our Devil Football and Basketball Teams. Congratulations to our Senior Girls's Volleyball Team, who for a second year straight captured the City Championship and went on to place third in a Provincial Tournament in Calgary. A Blood Donor Clinic gave Eastglenites the opportunity to donate some blood and save someone else's life.

Again we went through the grind of end-of-year exams and soon found ourselves back in the halls, but we were the dominating seniors. The halls were ours now! This was our last chance to execute our final persecution of the bewildered FROSH. Our last year; our last Frosh Dance. Sadie Hawkins rolled around and now its activities are only a memory. Due to the lack of imagination, in November we attended a "No-Name Dance." No one will be able to forget the time Santa and his reindeer rocked our gymnasium walls at our annual Santa's Anonymous or all the excitement of Xmas at the "Snow Frolic". An epidemic of hoarse voices was around Eastglen after we cheered on our Devils Football Team and our Senior Boys Basketball Team to a City Championship, their first in five years. They participated in the Provincials as well. The girls also did exceptionally well; our Junior Girls' Volleyball Team ran off with the City Championship and our Seniors managed to reach the quarter finals. Paint provided a beginning for a newly renovated cafeteria, somewhere to enjoy lunch. Cheerleaders did it again! They sponsored a Cabbage Feast, and what a feast! This year the Drama Department put on two great productions, "The Trojan Women" and "Flowers for Algeron", both very entertaining. Eastglenites also had the opportunity of revealing their school and its past to the public at the well-organized Eaton's Display. Will we ever get tired of looking at the empty candy dishes, balloons and bows?

Now, as graduates, we are able to look over the years and realize that we have only received what we put in and its now time we leave "our home away from home." It is time we turn to another phase of our life — whether it means furthering our education or whether it means marriage. Whatever it may be, let it be successful and happy. So as we get ready to leave you Eastglen, we would like to thank you for leaving us with such fond memories.

Goodbye, Eastglen!

Class Prophecy

The setting takes place at the luxurious, spacious Crest Motor Hotel and the spectacular social event of the year is about to begin. The sophisticated and elegant guests from "The Eastglen Institute of Higher Learning", (or as it is often referred to as "The Harvard of Highlands") are just arriving for the opening performance of "The Guess Who's Who" or better known to some as "The Rotunda Rowdy Rubbies."

We see Gene Jive Loga on his soprano official's whistle, with Rex Sex Vollema on Garbage Cans. Bimbo Magilla Snepts is the featured vocalist (and will be wearing his baby blue skates tonight).

Don Riley Willard Willams will not be appearing with the group this evening with his singing skates, due to a 10:30 P.M. curfew for obvious reasons.

Manager, sponsor, director, promptor and only supporter (so far) of the group is Norman Bouncer Brown, insanely repeating his motto, "The Devil made me do it."

As the dignitaries file in we notice some of the outstanding one's, such as S.U.P. Barry King as he enters eating none other than a cold "Buckwheat Pancake" and waving a "Down with Social Board" and "Down with Referees" banner. Alice "Shark" Wilson gave up an extremely important championship pool game (for the title of "Miss Cue-Cue") to attend the performance.

Sophie "spinny" Boobichuk alias Sherry Rosychuk literally bombs in the door, escorted by some unknown guest (only wearing a red polka-dotted garbage can) shoving paper and other debris into his mouth.

Ten completely uncouth females bounce in next, somewhat resembling cheerleaders, but wearing army boots and marching out of step, led by their silent, but fearless leader, Terri Hrychuk.

One of these frivolous females seems to be straggling behind the rest and her escort Perry Jumper Brownie is wearing a banner reading "Black is beautiful."

Mike "speed" Dronyk sprints through the door dribbling a basketball, only to discover he has left his sneakers behind because they can't quite keep up to him.

Ken "Peg Leg" Belseck stumbles in taking a survey amongst the crowd asking the question "how did they do it without me", or singing "The Bench Blues."

Suddenly the crowd's attention is diverted to a table where two of the dignitaries Rick Dummy Debenham and Rick Hic Bucyk are engaged in a violent argument on "The Evils of Drinking and Driving" or "Never go to an Eastglen Basketball Game."

Donna "Andy" Anderson slinks in next followed by her unruly group of Women's Lib supporters carrying signs reading "Ban The Bra", and "anything He Devils can do, She Devils can do better."

Wilf Chamberlain Harper and his little long-haired girlfriend Evie enter, panting extensively after spending an hour prying "Harp" out of his Austin Mini Limousine. So much for that car.

Next to come in are Char Jack Frost and Warrior Jim Booboo McGoogan wearing their matching unisex original 1818 Indian costumes. Note: that they are well preserved and in immaculate condition; even comes with scalp attached to the belt.

Susan "Fish" Rock slides under the door next, bubbling with enthusiasm (hic). Do you think she's water-logged?

Well, the lights are being dimmed and the band is ready to begin with their first number "The Rotunda 30 Blues" or better known to some as "See You In September."

Carol Melmoth.

"What goes up
has got to come
down."

"No more parties at William's house before

"Boy that sure beats cookies."

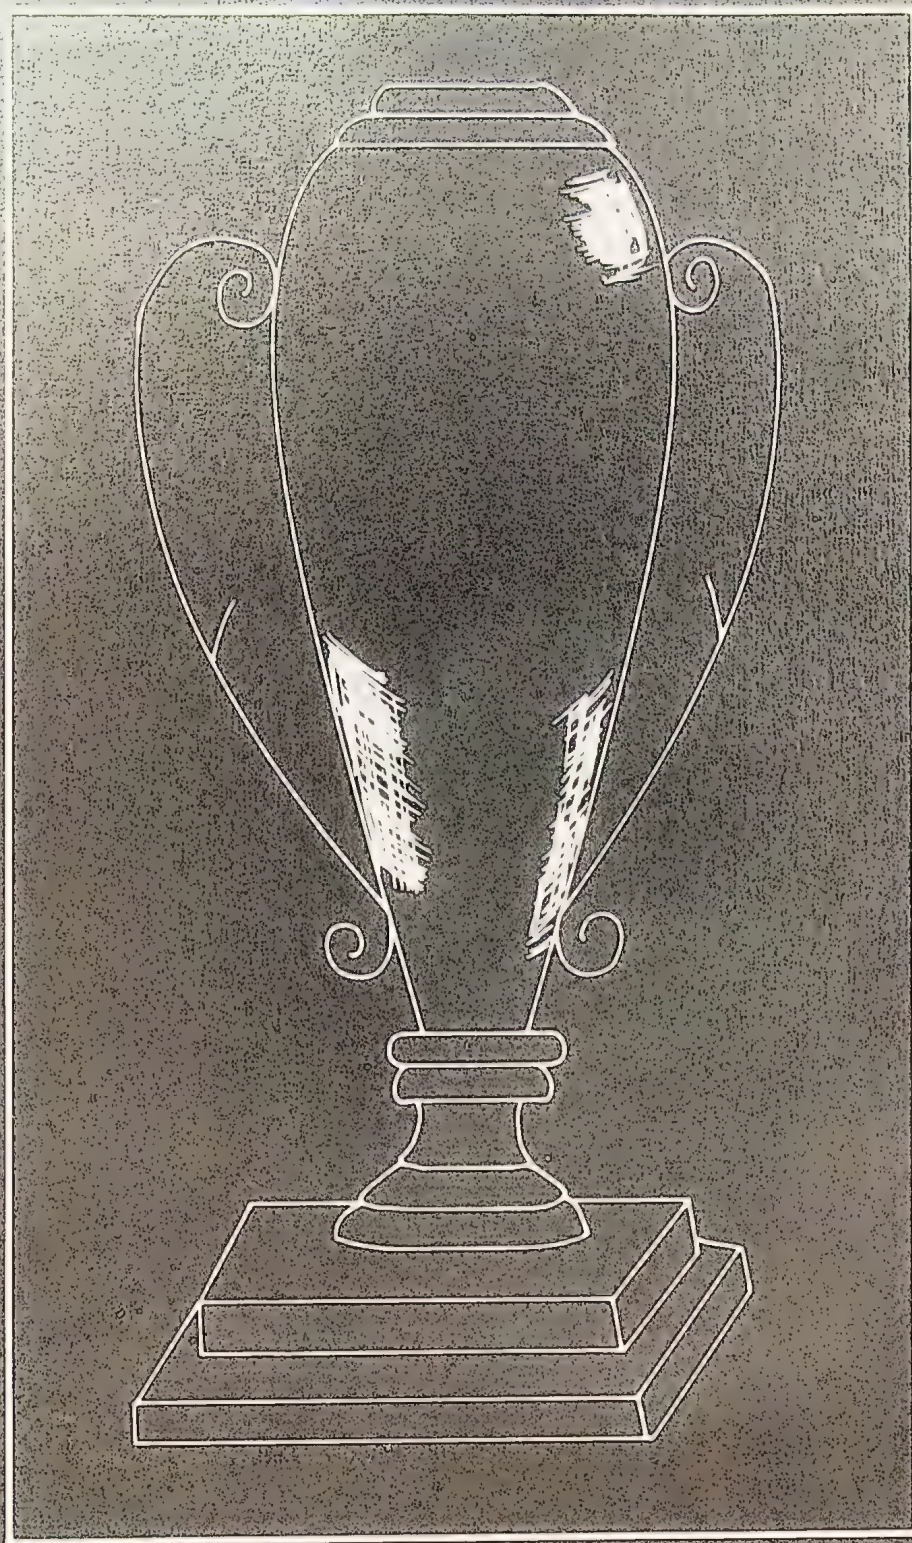

"Wanted Dead
Or
Alive."

"Here it comes."

"Kiss me, hug me I'll follow you anywhere."

Individually, each of us got out of the past year as much as we put in. It was a very rewarding year for myself, personally. For the rest of you, I hope you enjoyed it as much as I did. Involvement throughout the past year was important and I hope that as some of you graduate and the rest return for another year here that you will remember to be involved wherever you are and whatever you do. Do a sunshine!

Thank You!

Social Board

Rick Bucyk

The Social Board held quite a few dances this year and may have been just as good as the years before if not better. The selection of bands was varied, and remember you can't please everybody. On top of the usual Frosh, Sadie Hawkins, and Christmas dances there were many more, and all just as exciting. I would like to thank at this time the Social Board, Teachers, and all the other people who made this year possible.

Junior Football Team

Team Members are: Dale Gach, Don Liber, Rob Lane, Bob Leman, Bunny Siyo, Tom Kruger, Strater Crowfoot, Butch Vollrath, Martin Sharren, Jack Barker, Bruce McLeod, Tony Holinski, Carrell Gach, Byron Leffler, Wayne Parker.

Junior Football this season (other years as well) was far from spectacular. With only two wins against five losses, you cannot really put the blame on the coaching staff or, for that matter, on the players themselves. As the season progressed, the wins became few and the quitters became many. The Junior Team opened training camp in September with about 50 players present, but by the time the end of the season rolled around there were not more than 20 bodies in camp. This was the Junior's biggest downfall this year (people quitting and letting the team down). Had this not happened, I think there just might have been a city championship for the Junior Devils. The Junior team might have another chance next year if they can overcome all the problems that faced them this year.

The senior girls basketball team, along with Scona's senior team, represented Edmonton in the L.C.I. tournament in Lethbridge. After loosing their first game by a score of 40-25, Eastglen defeated Mt. Baker by two points. The team was invited to the tournament and they had a free luncheon and later a banquet. The Eastglen girls also were nominated for the team with the most spirit but unfortunately there was no award for this. But the girls did get a consolation trophy.

Senior

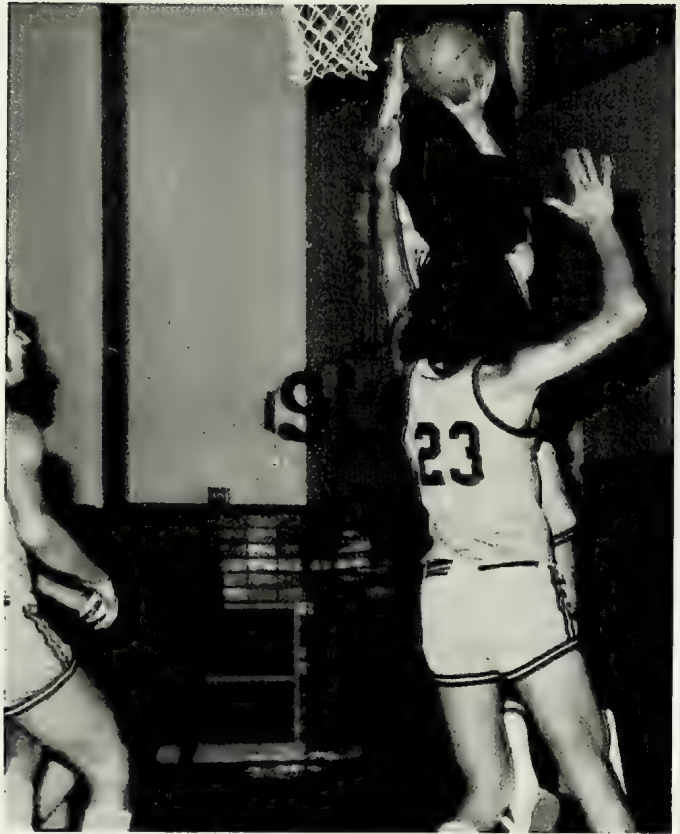

Mike Pisesky, Scotty McEachern, Fred Hofstede, Perry Brown, Jerry Segin, Martyn Krys, Mike Dronyk.

The Senior Devils enjoyed a winning season this year. During the regular season they won eight games and lost five games. Their record was good enough to place fourth in the standings. The team reached the city finals and there they defeated the St. Joseph's Saints, 52-50, to become the city champions for 1971-72. The team then proceeded to the provincial tournament, where the team fought their way to the final, but were beaten by the Lethbridge Catholic Central.

Principal's Message

The High Schools of the nation are presently undergoing massive change. The curricula have been broadened from the most rigid of social and literary studies to the widest ranging of industrial technologies. The high schools have attempted to cope with the concept of universal access to education and this shift then rapidly evolved into a belief in the universal right to succeed. Now in many quarters there is pressure for the universal right to whatever educational experience is attractive to the individual. During periods like the present of social and educational change problems increase but so do the successes. Often the successes are matched by disappointing failures but students and teachers now as never before must strive for more understanding and the creation of a world for each of us and for all of us.

This yearbook is the story, in part, of Eastglen's efforts to meet the demands and pressures of educational change. The story has been put together by a volunteer group of dedicated students who found their challenge in its creation. I commend the results of their efforts to one and all, in the name of living and learning, which surely must be what education is all about.
